THE EXPLORER

What better than invoking the very spirit of the city that you reside in? FLH Explorer reflects the heart and soul of the city of Ahmedabad all across the establishment. The most iconic locations that adorn the city are painted across the walls, be it heritage spots like Sabarmati Ashram, tranquil spots like Sabarmati Riverfront or popular eating places like Mirch Masala, you can find all of them adorning the walls of FLH Explorer. And that's not all!

All artworks have a QR code that provide you with interesting facts and insights related to the spot, on scanning. Like the place? Why not get to know more about it!
